We are also aware of the impact that the quality of these products and services has on the well-being of patients, who are the final beneficiaries of the entire process.

This certitude has led us to adopt a management model complying with **UNE-EN ISO 9001:2015** standards, as well as implement a Quality Policy that is the foundation of all of the company's operations, as well as its commitment to stakeholders.

As part of the integrated management of the supply chain, GRIFOLS MOVACO, S.A. is certified in GDPs (good distribution practices), ensuring the continuing quality, integrity, and compliance with legal regulations of the pharmaceuticals we supply.
